VINTAGE The 2023 growing season kicked off in Knights Valley with above-average winter rains, which replenished reservoirs and rejuvenated soils. While cooler temperatures meant a slow start, the abundant rainfall fostered lush canopy development in late spring and summer that led to balanced yields at harvest. Picking started slightly later than usual but finished by mid-October, delivering exceptional fruit with deeply intense flavors.

WINEMAKING Harvested in the early morning hours from October 13 to 31, the fruit was sorted, de-stemmed and cold soaked for 24 hours, fermented on the skins for 21 days, then aged for 20 months in a mix of 65% new Darnajou, Taransaud, Sylvain, Saury, Seguin Moreau, Orion and Bel Air French oak barrels.

VINEYARD Sourced from blocks 10B, 10D, 11, 14, 15, B-8, 3A and 17A, ranging from 450 to 900 feet in elevation, the fruit for this Cabernet Sauvignon is grown in a mix of clay, gravelly and sandy loam soils. Cabernet Sauvignon blocks 10B, 10D, 11, 14 and 15 bring dark fruit notes, chocolate undertones and exotic spice, Malbec block B-8 provides structure and well-balanced acidity, Merlot block 3A contributes red fruit and palate weight, and Petit Verdot block 17A offers deep color, lush mouthfeel and floral notes.
